

#HerYellowRibbon

Building Awareness to ENDometriosis

Visit Us At: www.heryellowribbon.org

#HerYellowRibbon | About Us

The concept of this organization began when the Founder of #HerYellowRibbon, Cherrelle Lawrence, was officially diagnosed with severe Endometriosis in 2012. After years of searching for a doctor to properly diagnose her pain, she finally found a medical expert with Duke University Health System in North Carolina, who confirmed the diagnosis. [Click here](#) to read her story.

#HerYellowRibbon | Goals

Promote awareness about the chronic illness through:

Literature

Public events

Social media

To promote GYN visits and exams.

To promote a healthy lifestyle.

To provide support for Cherrelle and other #HYRfighters.

#HerYellowRibbon | Fundraising

#HerYellowRibbon needs your help to raise funds to support our awareness program and events. Our shirts are a great way to build awareness, but also to provide support of our upcoming initiatives
